Third Annual John M. Cassel, M.D., Memorial

Breast Cancer Symposium

A Comprehensive Approach to Breast Cancer Therapy

Saturday, October 31, 2015 • 7:30 a.m.-12:30 p.m.
Baptist Hospital of Miami, Auditorium
8900 North Kendall Drive, Miami, Florida

Symposium Director • Robert P. DerHagopian, M.D.

Target Audience • General Surgeons, General Practitioners, Obstetricians and Gynecologists, Oncologists, Radiation Oncologists, Nurses, Radiologic Technologists, Ultrasound Technologists, Mammographers, Diagnostic Radiologists, Hematologists-Oncologists, Respiratory Therapists and all other interested healthcare professionals.

Overview • This half-day symposium will focus on the medical management of common and important challenges facing health professionals who care for breast cancer patients. The multispecialty educational approach allows participants to explore new diagnoses and cutting-edge treatment options for various areas of breast cancer patient care in a concise symposium format.

John M. Cassel, M.D., chief of plastic surgery at Baptist Hospital and president of the Greater Miami Society of Plastic Surgeons, passed away in 2015. An accomplished and recognized surgeon, Dr. Cassel also was renowned for philanthropic work, his kindness extending to patients from around the world. Dr. Cassel received his medical degree from the University of Miami Miller School of Medicine, where he also completed general surgery and plastic surgery residencies. He completed a fellowship in reconstructive microsurgery at the prestigious Davies Medical Center in San Francisco. He proctored suture clinics for fourth-year medical students at FIU’s Herbert Wertheim College of Medicine and his surgical cases were presented in television documentaries on The Discovery Channel and Dateline and featured in numerous news and magazine articles.
